**Economy Service Printing:** Orders for paperback books are typically printed within 7 business days following receipt and acceptance of the order. Hardcover book orders and orders for books printed in full color typically take 14 business days to print. Printing turnaround times can vary based on order volume and production capacity.

**Rush Printing Options:** Rush printing services are available for an additional fee. These services can significantly reduce the printing time, subject to availability and current production schedules.

**Shipping:** Once printed, books are shipped via Standard Ground service within the United States. Please allow standard transit times for delivery following the completion of printing.

**Expedited Shipping:** For faster delivery, commercial next-day and other expedited shipping options are available at a higher price point.

**International Shipping:** Mindstir Media utilizes various international shippers, including UPS and other major carriers, to manage shipping outside of the United States. Due to the variability in international shipping services and standards, delivery times and service quality cannot be guaranteed to match those within the United States.

**Quality:** Each book is manufactured in its entirety, every time an order is placed. Due to slight changes in production variations in printing and manufacturing are a common occurrence. Therefore, there may be up to a 1/16" shift or +/- 0.1 color density variation on any book manufactured by MindStir's printer.

*All pricing above includes a glossy color cover. We use cream or white non-glossy paper in the interior unless otherwise arranged with MindStir. MindStir does NOT offer a glossy interior paper stock option at this time. A matte cover is an additional option but must be arranged with MindStir in advance.*
